ALOHA!

Mai Tai

Here's a fabulous South Seas potion that embodies the rich romance and haunting beauty of Hawaii. Using the original recipe, we've combined the sunny glow of rum with the fresh flavors of several tropical fruits. Sip! And dream of sunset on the reef.

Menhune Juice

If you’re going to catch even a fleeting glimpse of those elusive little Menhunes, you have to be in the right place at the right time—and in the right light-hearted mood. That’s why we invented Menhune Juice. Its blend of tropic flavors conjures up a vision of a rain forest with sunlight filtering through the leaves... and a touch of light, flavorful rum completes the spell. Drink and be ready!
