Shooting Tequila
A famous ritual ... as old as Tequila itself. All you need to take part is some salt, a wedge of lime and a shot of your favorite Tequila.

1. Place the salt in the V found between your thumb and forefinger.
2. Hold the lime between your thumb and forefinger.
3. Take a lick of salt, chug the shot of Tequila and suck the lime.
4. Smile ... repeat the ritual several times.

Not up to shooting? Try one of our smooth but potent Margaritas ... a recipe from the old southwest.

Frosty Margarita
