Distance education tip of the week - micro e-learning

[The Langevin Learning Services team blog](#) offers helpful tips for instructional design and online learning. One post includes [tips for simplifying online learning](#). Below are four visual/audio tips for designing your next class:

1. Use lots of white space
2. Use simple graphics, pictures, and shapes
3. Avoid using more than two different colors or font types
4. The same concepts apply toward audio as well - keep it simple! Be cautious of the rate of speech, and avoid using jargon and slang.
