A BULLETIN FOR UH WEST O’AHU FACULTY AND STAFF  
**This Week at UH West O’ahu**

Week of Oct. 8, 2018

**The UH West O’ahu Strategic Action Plan is now available**

The University of Hawai’i – West O’ahu Strategic Action Plan, 2018-2028, sets an aspirational course for the future of our university. Our blueprint to build po’okela/educational excellence presents overarching Impact Strategies (goals) that rely on every member of our ‘ohana/family to “Pūpūkahi i Holomua (move forward together),” to participate and contribute to our collective success!

After nearly two years of hard work and campus collaboration and consultation, the collective insight and input from our students, faculty, staff, administration, alumni, and community partners resulted in the development of our impact strategies. They focus on increasing student success and engagement, advancing dynamic and

integrated learning experiences, and strengthening our assets and infrastructure.

We identified our Theory of Distinctiveness – what sets us apart from other institutions – as we create a campus that embodies Sustainability/Aloha 'Āina, Innovation and Transformation, and 'Ōiwi/Native Leadership. To show our commitment to purposeful planning and decision making, we also developed and included our business model, performance indicators, and evaluation metrics.

Mahalo nūnui for your contributions! View and download the University of Hawai'i – West O'ahu Strategic Action Plan, 2018-2028, at <https://westoahu.hawaii.edu/strategicplan/>.

We want to extend a special mahalo to Erin Kim of IT and Brian Miyamoto from Communications for your work on the website! Please provide your thoughts and comments on the plan to [uhwochan@hawaii.edu](mailto:uhwochan@hawaii.edu).

### **FYI: There will be fire alarm testing today**

There will be fire alarm testing if the Administrative and Allied Health building today Monday Oct 8. This testing will also include a campus wide fire alarm testing. This is only a test.

### **Don't get caught by someone phishing for your passwords, personal information**

According to UH Information Technology Services, members of the university community are being targeted by a spear phishing attack where the attackers are creating free email accounts using the names of University of Hawai'i officials ([e.g.davidlassner01@gmail.com](mailto:e.g.davidlassner01@gmail.com), [davidlassner32@gmail.com](mailto:davidlassner32@gmail.com), [cosseboohawaii.edu@gmail.com](mailto:cosseboohawaii.edu@gmail.com), [gayechan07@gmail.com](mailto:gayechan07@gmail.com)). These accounts are then used to engage the recipient and have them purchase gift cards.

UH was recently alerted to a credential harvesting campaign where a phishing email directs the recipient to a "personnel satisfaction survey" where a UH Username and password is required to access the survey. This is not a legitimate UH survey. Protect your personal information and confirm the sender's physical email address (not just the name displayed) before replying.

### **Distance Learning Tip of the Week - Camtasia editing system**

Camtasia ([techsmith.com](http://techsmith.com)) is screen recording and video editing software that can help you create videos tutorials and presentations for your online classes. With this editing system, you can import many different types of files including video files, audio files, image files, presentation files and other Camtasia recording files.

The Camtasia editor allows you to arrange your media files on different tracks to easily manage multiple pieces at once. After your files have been imported you can edit the media to communicate your message and create your final product. If you are interested in using this program, you will need to visit the IT Help Desk. If you are interested in learning more about using other online tools, consider attending one of our weekly workshops. You can find more information about workshops and read other tech tips by visiting [uhwo.hawaii.edu/distancelearning](http://uhwo.hawaii.edu/distancelearning) or emailing [uhwode@hawaii.edu](mailto:uhwode@hawaii.edu).
