**"We Specialize In Serving
the Public"**

No Compromise.....

Quality is paramount at Hart's Turkey Farm Restaurant. Our prime young broad-breasted turkeys are grown on farms for you. These select birds are skillfully prepared and served to you temptingly hot at the peak of their culinary perfection.

The rich, delightful flavor of our turkey and onion soups is gained by careful simmering of the stock for two full days (the old fashioned way). Our vegetables are the very best fresh and frozen produce available and our potatoes are the very best in the market, washed and hand peeled ... We never use instant potato products. In addition, we make all our own salad dressings, tartar sauce and bakery products.

Our beef is the finest quality: carefully aged, and exactly chosen to ensure the most tender, most flavorful portions obtainable.

All our meals are prepared with the same painstaking care with which the best cooks prepare food for their own families and guests.
