Our line of flannels for base ball uniforms consists of the best qualities in their respective grades, and the grade is kept up to the highest point of excellence and quality improved wherever possible every season. Owing to the heavy weight flannels used in our Nos. 81020 and 81021 uniforms, we have found it desirable, after many years of experience, to use a little lighter weight material for the shirts; this makes them more comfortable, much cooler, and wear just as well as the heavier weight. If, however, you prefer the heavier goods for the shirts, they will be supplied at same price, but only when specially ordered.

Electric Washer.

No. 16745. Made of the best Virginia white cedar, electric welded wire hoops. Price.....\$6.50

The cut shows the exterior of our celebrated Electric Washer. This machine is constructed of the best Virginia white cedar, and is stronger, more nicely finished, and is larger than any round machine on the market. It is supplied with our improved gearing, fully galvanized. The inside of the machine is fully corrugated, similar to a washboard, there being no nails or blocks of any kind on the inside. The machine is made with large end of tub down, allowing plenty of room for water and clothes. The hoops are made of extra heavy galvanized wire, are electric welded, and are warranted not to break or fall off. Instead of using a square wooden post to work the dolly, we use a square galvanized iron rod, making it impossible to tear the most delicate fabric, as the dolly and standard are automatically adjusted to the quantity of clothes contained in the machine, so it offers nothing in which the clothing can catch.

No. 6311. Dedicated to
satisfying dining
in warm surroundings,
The Old Spaghetti Factory
is located in the Ward Warehouse on
the corner of Ala Moana Boulevard and Ward Ave.
The Kewalo Basin, just across the boulevard is part
of a group of coral basins which, at the turn of the century,
were man-made ponds for collecting sea water to harvest salt
commercially. Today the Kewalo Basin is the center of tourist
boat cruises which depart frequently for Pearl Harbor
and other tours. Charter and commercial fishing
boats sail out of Kewalo Basin as well. We
hope your visit to The Old Spaghetti
Factory is a gentle reminder
of the grace and charm
of days gone by.
