THIS WEEK AT UHWO

a bulletin for UH West O'ahu faculty and staff

Week of May 23 - First day of summer session 1

Distance education tip of the week - Multiple Google Calendars

One of the best features of Google Calendar is the accompanying apps that can be accessed from a mobile device. Within the app, you can add multiple calendars and track different events, courses or schedules in the same place. To avoid confusion, you can color-code calendars within the "Settings" menu. To access these options in the web version, click on "My Calendars," then click on the triangle next to the desired calendar. For more information, visit the new [Distance Learning microsite](#) featuring distance education information for faculty and students, or email uhwode@hawaii.edu.

Revised Communications Request Form

The Communications Department has revised the [Communications Request Form](#) which allows you to submit requests for digital signage, a news item in the "This Week at UHWO Email Bulletin" or "[E Kamakani Hou](#)," news releases, social media postings and more. You may now attach your documents directly to the Communications Request Form. Be sure to fill out all fields in detail to ensure your request is processed as efficiently as possible. The form and additional information about all Communication Department services may be found in Lualima under Communications.
