## Initiatives Spotlight

### UHCC Innovation Fund

The UH Community Colleges maintain an innovation fund of \$1.5M per year to address student success and other strategic priorities. Additionally, when campuses do not attain their outcomes funding goals, the unearned allocation is redirected and used to supplement the innovation fund.

### Hawaii Graduation Initiative

The UH Community Colleges are committed to reaching the State's goal of 55% of working adults having a college degree by 2025. This commitment includes ensuring that all students regardless of income, background, or location share in the opportunities created by a higher education.

### Removing Cost as a Barrier

Providing the opportunity for all to attend community colleges with financial support where needed.
