Ewa's Oldtimers

KAZUMI ABE, at the age of 50 is a veteran employee of this company with a service record of 32 years.

Born in Ewa in 1912, he first worked at the Ewa School as a cook. Then following a brief period of employment with the Koko Head Cafe in Honolulu, he came to work at Ewa on August 31, 1931.

Kazumi started as a truck driver, which job he held until he transferred to the Harvesting Machine and Tractor Division in February, 1946, as a second class mechanic. Later he moved to the Cane Hauler Shop where he is now a journeyman I.C.E. mechanic.

Kazumi and Yaeko Kunimoto of Honolulu were married on August 30, 1942. They are residing at Varona Village.

Carnival Notes

From the Carnival Committee:

The Big Show is but a week away from today! Untold hours of planning and hard work have gone into preparing for it, but the pay off is how we will do in the three nights next weekend. Every effort has been made to publicize our Silver Jubilee event, and we have every reason to expect an even larger attendance than last year's. The gross revenue in 1962 was \$32,760.10 of which the E.R.A. netted \$16,381.99. We hope to do better this year, but at this point the money figures can only be expressed in question marks. With the entire community pitching in the question marks may well be replaced by considerably larger figures.

Let's go Ewa!

The Ewa Japanese Club will again undertake the big, big job of cutting and sticking the barbeque meat. Those who are able to lend a hand are asked to turn out on Tuesday and Wednesday, August 27 and 28 at 6:30 p.m. at the Ewa Japanese Clubhouse. Please bring a knife with you.

Help will be needed at pau hana on Monday, August 26 to cover the booths. Any helping hand will be greatly appreciated.

The Commercial and Industrial Display section holds every promise of being the best seen anywhere. And the Orchid Show people are sure to create in their section a floral paradise seldom seen.

Response to the plea for packages and wrapping paper for the Country Store, has been very gratifying. But more is needed. And empty jars and gallon cans too.

The games committee is still looking for several mattresses to be used for the backstop in the baseball throw booths. Any kokua Jerry Hishinuma can get will be appreciated.

The kau-kau committee headed by Ernest Chang and Charles Aina has been hard at work preparing to serve the tons of Carnival delicacies to the thousands upon thousands that are expected to throng the doings this year.

With Mrs. Maki Igarashi master-minding the ladies' group, our zabuton making project is a cinch. Hundreds of gaily patterned zabutons will grace the shelves at our Country Store.

Highways and Holidays

SAFETY

The long Labor Day weekend is just around the corner. Statistics show us that traffic deaths and traffic accidents in general are 25% higher on holiday weekends than on non-holiday weekends.

Three out of five fatal holiday accidents involve only one vehicle. Usually, the car ran off the roadway, hit a fixed object or struck a pedestrian.

The "other driver" is not always to blame. Watch your own driving for inattention, excessive speed and bad judgment.

Insure a happy holiday for you and your family by meeting the extra danger with something extra in your driving.
