- ▶ CIP Budget  
Details on the current Board of Regents' CIP Budget and previous CIP budgets are posted in the Reports option.

#### About this Website

The Office of Capital Improvements (OCI) implements major capital improvements program (CIP) projects, which includes new developments and major renovations of existing buildings. OCI also prepares the University's CIP budget and performs administrative functions to support campus facilities offices in the implementation of repairs and maintenance and smaller scale CIP projects.

This site was developed as a central source for budget and project information, as well as for procurement forms for professional architects, engineers, planners, contractors, etc. who are interested in performing work for the University of Hawai'i.
