

Authorized Governance Organizations

Public Group 48270 years ago

Constituent-based governance organizations are authorized either through official University of Hawai'i Board of Regents policies or, in the case of Staff Council, through the

college, and represent the interests and expertise of specific segments of the college community.

Organizations denoted in this category, as stated above, include Kalāualani, the Faculty Senate,

Student Congress, and Staff Council. Below is a summary of the roles each of these organizations plays in the shared governance of the college, as defined by BOR policies and/or

their charters. Aside from their areas of primary responsibilities, the Kapi'olani CC Chancellor

seeks the advice of the four authorized organizations in decisions such as those concerning 3

general education policy, the development and implementation of organizational structure,

program review, tactical plans, strategic and long range plans, budgeting, and other areas.
