A BULLETIN FOR UH WEST O'AHU FACULTY AND STAFF  
**This Week at UH West O'ahu**  
Week of May 30

### **President's Emerging Leaders Program**

Congratulations to Drs. Alan Rosenfeld, Ricardo Custodio, and Holly Itoga for your selection in the 2017-2018 session of the President's Emerging Leaders Program (PELP)!

The President's Emerging Leaders Program is a professional development opportunity for highly motivated faculty and staff of the University of Hawai'i that identifies and develops future campus and system leaders. It affirms UH's intent to invest in our faculty and staff, while also creating an institutional culture that honors diversity and inclusion.

The program will assist participants in establishing a base of knowledge about higher education, and in addition, offer potential leaders a chance to reflect upon their leadership potential and how they might make a difference in our campuses and system. A variety of methods, including discussions, lectures, case studies, simulations, and hands-on exercises, may be used to develop leadership skills and apply those skills in solving real-life issues.

### **Academic Impressions - A resource tool**
