Distance Education Tip - Halawai Polu Breakout Rooms, Upload Presentations

Halawai Polu is the web conferencing tool available in Laulima. The system is actually Laulima's integration of Big Blue Button. This tool can make it possible to conduct meetings online. There are many features in the tool

that can make communication easy. Halawai Polu makes it easy to share presentations with the upload feature. You can give a lecture in the tool and students can see and hear all the information you have to offer.

The system also allows instructors to create breakout rooms that would make it easier to manage smaller discussions in small groups. Breakout rooms will allow students to talk, chat, and share ideas with each other. If you are interested in learning more about using other online tools, consider attending one of our weekly workshops. You can find more information about workshops and read other tech tips by visiting <https://westoahu.hawaii.edu/distancelearning/> or emailing uhwode@hawaii.edu.
