

UH System Course Transfer Database

This site will help you find information regarding the transfer of credit courses into the various UH campuses.

Be sure to contact an academic advisor as the database is regularly updated and subject to change.

There are two sorts of searches you can run using this tool.

List mode

This search requires you to first choose two campuses: a campus from which you've taken a course, and a campus to which you like to transfer that course. It may be that you've already taken courses that you'd like to transfer, or it may be that you're considering a course and would like to see how that course transfers (if at all) to a different campus.

Explore mode

This search is useful when you know there's a certain course at a certain campus that you need to take, and you'd like to see which courses at other campuses might be used as an equivalent for that course. For example, you might be required to take Math 100 at UH Mānoa, but you'd like to see if there are any courses at Kapi'olani Community College which you could take instead, while still fulfilling your requirement for Math 100 at Mānoa.

Courses designated as equivalent have been judged to have highly similar content such that two campuses treat the classes as essentially the same class. However a designation of equivalency does not mean the two courses will satisfy the same requirements at different campuses.

Students must understand that courses designated as equivalent on this website:

- May differ in their ability to meet General Education requirements, college/school requirements, and major requirements.
- May only transfer as course credits without meeting general education, college/school, or major requirements.
- May not transfer as the same number of credits.
- May only reflect course equivalency designation for the current semester.
