

Program Assessment Scorecard
Krsitine Korey-Smith, Campus Assessment Coordinator
Updated 9/11/2011

The ACCJC requires program level assessment for all programs offering AS degrees or Certificates of Achievement. Programs need to have completed an assessment cycle by fall 2012 and a second cycle of assessment by 2015. The College approved a Program level assessment plan in February 2008. Program coordinators were assigned to lead faculty through the assessment process. This scorecard delineates where the programs are in the process thus far based on submitted reports and communications with the campus assessment coordinator.

As deans and faculty read through the scorecard, please inform the assessment coordinator of discrepancies since some assessment reports may have been submitted to department chair s or deans and not to OFIE or the assessment coordinator. One of the functions of the scorecard is to get a clearer picture of where the College is with assessment of its programs, courses, and learning support areas.

	Program SLOs	# of SLOs Assessed	Cycle Completed	Date reports received	Lead Faculty	Comments
BLT:						
Accounting	9	0	No	10/1/08	Calvin Tan	Report said SLOs would be assessed beginning spring 2009.
Information Technology	5	2	No	5/28/2009 7/7/2011	Steve Singer	Program has been assessing, but the assessment coordinator does not have reports. Program will send which will be included in next update
