Testimonials

Learning to teach online, online helped me to reflect on my online teaching from the teacher’s perspective and the student’s perspective.

A comment about the Teaching Online Prep Program (TOPP)

Thank you so much for such a well-envisioned, coordinated, and organized professional development event! Topics were very well-chosen and covered a breadth of areas appropriate for and relevant to all parts of our campus community. Logistics were well-planned and things worked very smoothly and supportively for all participants as well as presenters. MAHALO for such an awesome and special day of learning.
