Need Help? Ask a Peer Mentor.

The Student Success Peer Mentor Program is here for you! Our peers are students in the UH system just like you, who understand the trials and tribulations of being a student. They are empathetic, patient, and knowledgeable resources who can steer you in the “right direction.”

The Peer Mentors serve as the “Ho’okele,” which is the Hawaiian word for “Navigator.” Our mission is to guide you and provide the support you need to reach student engagement, learning, and achievement.

We offer assistance regarding:

- general campus information (offices, counselors, services,
