Peter Quigley, Associate Vice President of Academic Affairs

Welcome, from the UHCC Academic Affairs Office.

The Academic Affairs Office works with the academic and student affairs leaders on each campus to bring better policies and processes forward to insure a more efficient and responsive environment to enhance student success. Along with policies, the Office supplies the system with strategic data on a number of measures.

We also work closely with state agencies such as the Department of Labor and Department of Business, and Economic Development and Tourism (DEBDT), to encourage economic diversity and to deepen the sustainability of the Hawai'i economy, including, for example, winning multi-million dollar awards to bring green job training the state. The Office of Academic Affairs believes in innovating higher education to make more students successful and to do so with more effectiveness and efficiency.
