Distance Education Tip of the Week - Google Labs

Google Labs is a great way to test Gmail features before going live. Access your settings by clicking on the gear shaped icon at the top right corner of your Gmail page. This area allows you to test Gmail features before they are live. The Google Calendar gadget allows you to preview your Google Calendar appointments while using Gmail. For more educational tech tips, visit the UHWO Distance Education Laulima site or email uhwode@hawaii.edu.

UHWO adopts new Student Code of Conduct

UH West O'ahu has adopted a new [Student Code of Conduct](#) under the direction of UHWO Director of Compliance/Title IX Coordinator, Bev Baligad. The student code incorporates national best practices, relevant UH System policies, and Hawai'i state laws when dealing with student conduct and behaviors at UH West O'ahu. The code affords constitutional due process protections for accused students while providing resolution procedures for the campus in general. For any questions, contact Bev Baligad at bbaligad@hawaii.edu.
