The Office for Institutional Effectiveness provides leadership and direction in the College's planning efforts. The purpose of the "Planning" section of the website is to communicate the planning efforts of Kapi'olani Community College and to provide resources for Kapi'olani CC's faculty and staff to be involved with the institution-wide planning process. Current projects include department tactical planning, Kapi'olani CC Strategic Plan, and the Long Range Development Plan. We invite you to share your comments either by contacting any of the individual unit heads regarding their tactical plans, or by clicking the "Contact Us" link in the top navigation with further questions.
