3. Provides "service" to UHWO and/or the community
4. Life experience; perhaps someone with a personal story that represents UHWO students
5. Articulate
6. Great Public Speaker

## DE Tip of the Week - Blackboard Collaborate

Looking to new ways to make your online class more engaging? Or would you like an option to meet with students online? Blackboard Collaborate is a browser-based web conferencing system that you can use, with your students, to collaborate synchronously online. This system could be helpful for online classes, hybrid classes, or communicating online with your face to face students. In addition to creating a virtual classroom space for meeting, you can also use the system to record meetings and allow other students to view at later times. To request a Blackboard Collaborate account, please fill out [this form](#). For more information, visit the new [Distance Learning microsite](#) featuring distance education information for faculty and students, or email [uhwode@hawaii.edu](mailto:uhwode@hawaii.edu).
