Aloha Faculty, Staff, AGOs, & Student Success Council,

On behalf of the Student Success Council and the admin team, I would like to thank all of you for your unwavering commitment to student success. Thank you for completing and turning in your templates by February 28th—a major accomplishment that you should all celebrate.

So what are the next steps?

Step 1: Review templates. Your program administrators are currently reviewing your templates. What are they looking for? They are primarily looking for 5 things: (1) that strategies and action items align with the Strategic Plan/Directions; (2) that the action items are doable; (4) that the action items are measurable; and (5) that the student learning/service/program outcomes stated align with the Strategic Plan Outcomes & Measures. Here's where you can access all the SSPs:

<https://tinyurl.com/l8u5rc8>

Step 2: Revise templates. If your program administrators determine that your templates need to be slightly revised, they will let you know.

Step 3: Report on status during checkpoints. Your program administrators will check in with you once toward the end of this semester to see how you are progressing with the implementation of your student success templates.

Thank you again. *No ke kauhale ke kuleana* - Student success is everyone's responsibility.

Louise
