<http://www.ebscohost.com/academic/academic-search-complete>

As the world's most comprehensive scholarly database for multidisciplinary research, *Academic Search Complete* offers a broad depth of coverage with over 13,830 indexed and abstracted journals.

Academic Search Complete offers an enormous collection of the most valuable full-text journals, providing users access to critical information from many sources unique to this database. It is the leading source of peer-reviewed, full-text for STM research, as well as for the Social Sciences and Humanities. This scholarly collection offers unmatched coverage of information spanning a broad range of important areas of academic study, including anthropology, engineering, law and sciences. The level and range of materials included in this resource fully supports scholarly research in the key areas of academic study by providing valuable content from peer-reviewed journals, full-text periodicals, reports, and books.

Content includes:

- 9,030 full-text journals
- Full text for more than 7,875 peer-reviewed journals
- PDF content dating back as far as 1887
- Searchable cited references provided for more than 1,410 journals

<http://www.ebscohost.com/academic/biography-reference-bank>

Biography Reference Bank offers thorough periodical coverage with in-depth, original profiles from the *Current Biography* and *World Authors* series as well as specialist biographical content from *Junior Authors & Illustrators*. Featuring full-text articles, images, and abstracts from today's leading magazines and journals, this database provides the most current coverage of an individual's life and work.

Biography Reference Bank allows you to quickly find the content you're looking for. Search result limiters in this database include occupation/activity, gender, place of origin, birthday or month, and lifespan.

Content includes:

- Coverage of more than 700,000 individuals
- Over 3.5 million records
- Links to over 600,000 related full-text articles, as well as abstracts and images from thousands of periodicals
- Over 35,000 images

- Substantive narrative profiles averaging 3,000 words in length

<http://www.ebscohost.com/public/biography-reference-center>

Containing many of the top-ranked biographical reference collections and magazines, this database offers a comprehensive collection of full-text biographies, as well as thousands of unique narrative biographies. This resource provides superior coverage for several of the most popular and heavily-researched biographies and genres, including those contained within *Biography Today* and *Biography* (both dating back to the first issue published).

In addition to keyword searching, users can locate biographies of interest by browsing key categories, including occupation, nationality, publication, and more than 30 genre categories, including actors, artists, athletes, authors, current world leaders, explorers, scientists, and many more. *Biography Reference Center* is available via EBSCOhost or its own user-friendly interface.

Content includes:

- More than 460,000 full-text biographies

Prestigious reference collections include:

- 9,000 biographies from *American National Biography* (Oxford University Press)
- Biography Today's Complete Collection
- Biography's Complete Collection
- Cambridge Dictionary of American Biography
- Biographies from Columbia University Press
- Congressional Biographies from the American Reference Library
- Biographies from Encyclopedia Britannica
- Hutchinson's Biography Database
- Notable American Women (Harvard University Press)
- People in the News Collection
- Profiles of United States Presidents
- Biographies from Salem Press

<https://www.ebscohost.com/academic/business-source-complete>

The World's Definitive Scholarly Full-Text Business Database with premium full-text content and peer-

reviewed business journals, this database is the essential tool for business students. It covers all disciplines of business, including marketing, management, accounting, banking, finance and more.

Content includes:

- Nearly 2,300 active full-text journals and magazines
- More than 1,350 active full-text peer-reviewed journals
- More than 800 active full-text peer-reviewed journals with no embargo
- Nearly 880 active full-text journals indexed in Web of Science or Scopus

<http://www.ebscohost.com/ebooks/public/subscriptions/public-ebook-subscriptions>

With a collection of over 36,855 titles chosen specifically for public libraries, this general reference collection features fiction titles for both adults and juveniles, as well as best-selling and highly-recommended titles from industry leading publishers, including:

- Nearly 1,000 reference books
- Full-text information dates as far back as 1922

<http://www.ebscohost.com/public/consumer-health-information>

The multilingual Consumer Health Information databases offer answers to the 200 most common health questions translated in 17 languages. These evidence-based resources are very graphical, and contain high quality, easy-to-understand illustrations as well as easy-to-read text (written at a 3rd- to 7th-grade reading level) and hyperlinks leading to additional full text. Consumer Health Information also offers an interactive body map that assists the user in locating full-text articles about health-related topics for all areas of the body.

Each language is offered as a separate database to allow for a simple, easy-to-use research experience for users where English is not their native language. Available databases include user interface screens with help, searching functionality and full text in its own particular language. Available languages include Arabic, Chinese (Simplified), Chinese (Traditional), Canadian French, English, Farsi, German, Hindi, Italian, Japanese, Korean, Polish, Portuguese, Russian, Spanish, Tagalog (Filipino) and Vietnamese.

All of the evidence-based content included in *Consumer Health Information* is written by experienced medical writers and independently reviewed by medically credentialed experts. The articles in *Consumer Health Information* are reviewed and updated on a regular basis to reflect the most recent information and research available.

<http://www.ebscohost.com/public/poetry-short-story-reference-center>

This full-text database provides a historically rich collection of hundreds of thousands of classic and contemporary poems, as well as short stories, biographies and authoritative essays on such topics as poetic forms, movements and techniques. In addition, *Poetry & Short Story Reference Center* provides contemporary content from the finest publishers including Knopf, Houghton Mifflin, New Directions, Copper Canyon Press and dozens of authors and estates, as well as *Critical Survey of Poetry* and *Critical Survey of Short Fiction*, and other major respected reference books and literary journals.

Available via EBSCOhost or its own dedicated interface, *Poetry & Short Story Reference Center* contains selected works of major and minor American and English poets, along with international poetry representing each continent (accompanied by English translations, when available). Works include plays and speeches, short stories and classic books, biographies, critical analyses, contextual essays and explications for important works, essays on poetic forms,

literary terms, techniques and movements, multimedia (audio & video) of poets reading their works, and interviews from reputable sources like the *Academy of American Poets*, the *Poetry Foundation*, and *MacNeil/Lehrer Productions*.

Poetry & Short Story Reference Center offers supplemental teaching and learning guides featuring lesson plans and tips for assignments specifically crafted for this database. “Poetry Off the Page” lesson plans align with NCTE and Common Core curriculum standards.

Content includes:

- Over 682,000 full-text poems, both classic and contemporary
- Close to 54,000 full-text short stories, both classic and contemporary
- Over 10,000 dramatic works
- More than 2,300 audio recordings of poets reading their own works from Academy of American Poets, poets reading works of other poets and podcasts from The Poetry Foundation
- High-quality videos provided by Academy of American Poets and MacNeil/Lehrer Productions (57)
- Over 450 explications of both classic and contemporary poems
- Nearly 550 eBooks focused on poetry, drama and short stories
- Over 80 Lesson Plans (with an additional 20 being added by the end of the calendar year)

<http://www.ebscohost.com/us-high-schools/points-of-view-reference-center>

Containing resources that present multiple sides of an issue, this database provides rich content that can help students realize and develop persuasive arguments and essays, better understand controversial issues, and develop analytical thinking skills.

Points of View Reference Center contains more than 370 topics, each with an overview (objective background / description), point (argument), and counterpoint (opposing argument). Each topic features a *Guide to Critical Analysis* which helps the reader evaluate the controversy and enhances students’ ability to read critically, develop their own perspective on the issues, and write or debate an effective argument on the topic.

Available in its own user-friendly interface or via EBSCOhost, *Points of View Reference Center* provides a balance of materials from all viewpoints with more than 1,500 main essays, leading political magazines from all sides of the political spectrum, newspapers, radio and TV news transcripts, primary source documents and reference books. The database also offers guides for writing position papers, developing arguments, and debating.

Points of View Reference Center includes access to EBSCO’s Curriculum Standards Module, which helps

educators correlate EBSCO content quickly and easily to Common Core, state- or province-specific curriculum standards. The module provides browsing of specific benchmarks, many of which have recommended search strings for successful content retrieval.

Points of View Reference Center also features alternative content delivery options to support Individual Education Programs, such as Text-to-Speech for HTML articles. In addition, the database includes rich multimedia content, student research guides, and citation help.

<http://www.ebscohost.com/us-high-schools/science-reference-center>

This comprehensive research database provides easy access to a wealth of full-text, science-oriented content. Designed to meet every student researcher's needs, *Science Reference Center* contains full text for hundreds of science encyclopedias, reference books, periodicals, and other sources.

Topics covered in *Science Reference Center* include biology, chemistry, earth and space science, environmental science, health and medicine, life science, mathematics, physics, science and society, science as inquiry, scientists, technology, and wildlife.

Science Reference Center is available via EBSCOhost or a dedicated interface that allows students to browse topics by category and have quick access to science experiments, a citation tool, and helpful research guides.

Content includes:

- Nearly 200 full-text science periodicals
- More than 700 full-text science reference books
- 17 full-text science encyclopedias
- More than 800 full-text science essays
- More than 2,100 full-text, full-length biographies
- 61 science animations
- More than 41,000 science images (including charts and graphs)
- More than 500 science videos

<http://www.ebscohost.com/public/small-engine-repair-reference-center>

Through a collection of comprehensive full-text content, this database provides users with detailed yet user-

friendly repair guides for all manner of small engines. All of the content is organized in a powerful, easy-to-use manner so that users can quickly gain the information they need.

Small Engine Repair Reference Center offers assistance in providing routine maintenance (tune-ups, brake service, etc.) as well as extensive repairs (engine and transmission disassembly) and allows users to search by product type, brand, model/engine type, specific area of model/engine type, and model numbers. PDF full text is available for all documents.

Content includes:

- Nearly 500 full-text reference books with original photos and illustrations that guide the user through every job
- Information on more than 25 years of many engine models
- More than 90,000 repairs are covered
- Contains the full collection of nearly 500 Clymer repair manuals, with new and updated content added regularly
- Unique, user-friendly interface
