

UNIVERSITY of HAWAII®
KAPI'OLANI
COMMUNITY COLLEGE

memorandum

February 20, 2017

To: Chancellor's Advisory Council

Subject: Participation in Hawai'i Student Success Institute (HSSI) on March 3, 2017

This is a reminder for all faculty and staff that the Hawai'i Student Success Institute (HSSI) on March 3, 2017, at Leeward CC, is a professional development opportunity to engage in best practices, innovations and strategies with colleagues across our UH Community College system.

This year's theme on the Student Success Pathways is a reflection of the UH Community Colleges' ongoing strategies and initiatives to increase the number of students receiving a degree or certificate as projected in the Hawai'i Graduation Initiative. Therefore, even though there may not be a workshop that relates directly to your area of expertise, it is important to participate. The spirit of the Student Success Pathway is to acknowledge how we all have a part in our students' success throughout their journey.

See you there.
