

EWA HURRI-CANE

VOLUME XVI

Ewa, Hawaii, October 6, 1965

NUMBER 41

Aloha, Not Goodbye

The plantation extends its warmest Aloha to three pensioners who began a new life of leisure on October 1.

KATSUJIRO SATO began working for Ewa Plantation in November, 1921---compiling a service record of 43 years and 10 months. His first 17 years were spent with the Harvesting Division as a portable trackman. From 1938 to 1946 he held the job of Concrete Products Construction Worker. He transferred to the Mill Fireroom on November 11, 1946 and upon his retirement held the job of Mill Fireman.

Mr. and Mrs. Sato are considering a tour in the near future of either the Mainland or Japan.

BRUNO RESPIICIO and his wife, Maria, arrived in Hawaii from the Philippines on May 23, 1923 and three days later he started his Ewa career. He worked as a Cane Cutter, Irrigator, and was transferred to the Preparation Division as a Tractor Operator in May, 1927. He was promoted to Leading Man-Tractors in March, 1945 and to Plant Field Layout Man the following year.

Mr. and Mrs. Respicio are parents of 13 children - nine sons and four daughters. Three sons - Remigio, Alfredo, and Rosalino are employed by Ewa Plantation Company.

ROSARIO INONE, born in Sinait, Ilocos Sur, P.I., sixty-five years ago, came to Hawaii in 1930 and was assigned to Puu-nene Sugar Company. He was employed there for seven years before moving to California's Peck-

ing Corporation as a laborer in the pineapple fields at Kunia.

In July, 1947, Rosario came to Ewa Plantation where he started in the Field Department as a Hand Weeder. He was promoted to Irrigator in April,

1951 and worked in that capacity for five years. Because of health reasons, he transferred back to Hand Weeder, the position held by his retirement.

Rosario's wife, Concepcion, is in the Philippines and he expects to join her next year.

Two New Additions

Shown above is one of the two International Harvester tractors purchased by the plantation in the past three weeks. The power-shift front end loaders replaced our old finger-lift tractors. Although these units are expensive, they are more productive and versatile than our old units used in seed fields for lifting tote boxes dipping seed. They are equipped with fingerlifts and 4-in-1 bulldozer bucket attachments.

New Cane Loader On Trial

A new cane loader was tested for the first time in Field 2 on Wednesday by our crane operators, "Hippo" Kojima and John Supebedia.

The Koshing Crane for standard construction work came equipped with two attachments - a scooper and a back-hoe. But Honolulu Iron Works, adapting the crane for sugar cane harvesting, designed and constructed the new hydraulic boom and grab, eliminating cables, thereby giving the operator complete control over the grab.

To the best of our knowledge, this loader is the only one of its type and size in the world," says Bill Worden. Jerry Lum Lee, Harvesting Superintendent, and his crane operators will have ample opportunity to give this new loader a good workout during the next two weeks.

1951 and worked in that capacity for five years. Because of health reasons, he transferred back to Hand Weeder, the position held by his retirement.

Rosario's wife, Concepcion, is in the Philippines and he expects to join her next year.

Welcome to Ewa Dr. Jacobs

Dr. René M. Jacobs joined Ewa's hospital staff last Friday as an Associate Physician.

A native of Bangueo, Abra, P.I., Dr. Jacobs received his M.D. from Manila Central University in 1953 specializing in cardiology and pediatrics.

He was associated with Mount Sinai Hospital in Chicago, Illinois from July, 1964 to June, 1965 and practiced in Honolulu a few months before coming to Ewa.

Dr. Jacobs and his wife, Carol, have three children - Scott (6), Beverly (4), and July (2). Mrs. Jacobs and the children are in Fontana, California and are expected to join him in early '66.

9 Regular Employees

Nine temporary employees were transferred to our regular full-time work force on October 1. They are: Christopher Anguy, Reolito Gadiente, Robert Lastimado, Teodilo Ilantao, Daniel Maglanting, Craig Taloma, Joseph Tolentino, Benjamin Querubin, and Jose Quintal.

1890 ECHOES FROM EWA'S PAST 1965

Summarizing the events of 1941 shortly after the bombs rained on Pearl Harbor on that fateful December 7th, Manager Renda wrote in his report to Ewa employees:

"Your support in 1941 was gratifying, and I know it will be just as generous in the months to come.

A big job lies ahead of us. There are many handicaps in carrying out agricultural operations in a war zone. They can be overcome, but we will all have to pull together harder than ever before. There is plenty of work for all of us in the Ewa area. By keeping together and working as a unit we can make a greater contribution to the whole war effort than we can individually.

It is up to us to do the best job we can in the emergency circumstances under which we work.

It is a pleasure to commend you for the fine showing Ewa workers made during the December 7 attack. There were many instances of individual heroism and devotion to duty. Your spirit of neighborliness toward members of the armed forces stationed in the Ewa area has been a subject for much favorable comment and has set a fine example."

A disabled Army tank undergoing repair in the Ewa machine shop.

Your Safety

Whether you use hand tools on the job or around the home, it's well to remember that while tools look harmless, it's up to the user to keep them that way.

SHOCK TOOLS (such as chisels) should never be allowed to reach the stage where their ends are mushroomed. File down the struck ends when they begin to spread to eliminate diverted blows and the chance of metal fragments.

SCREWDRIVERS: The blade of a screwdriver should be ground down so the tip has a square edge and parallel surface to prevent slipping. Use a screwdriver that is the proper size to fit the screw slot.

SAWS should be kept clean and sharp with the teeth set properly. A crosscut saw should be used for cutting across the grain and a rip saw for cutting with the grain. Hang saws up when not in use.

WRENCHES should be of the right type and size to fit snugly. Never hammer on the handle of the wrench or use a pipe for more leverage.

HEY, MAC! LOSE THE HEAD OFF MY HAMMER - YOU SEEN IT?

Ewa G.I.'s Leave For Duty

Two Ewa G.I.'s, 2nd Lt. David Lum and Lt. Everett Young returned home, while on leave, to visit their parents.

Lt. Lum spent six weeks in Ewa while waiting for his orders. He left for Fort Knox, Kentucky on Monday where he will spend nine weeks in the U.S. Armored Training School.

Earlier this year, David, a cadet Lt. Col. at that time, was awarded the outstanding drill team commander trophy in Seattle, Washington. His parents are Mr. and Mrs. Allen Lum of Jenney Village.

Lt. Young was here for nine days enjoying Hawaii's sunshine. He left on October 6 and is now stationed at Mare Island Naval Shipyard in Vallejo, California.

After Everett's graduation from the University of Hawaii in 1960, he joined the Officers Candidate School in Newport, R.I. He later assisted in removing the ship "Weiss" from mothballs at the San Diego Naval Shipyard and was its Disbursing and Supply Officer.

Lt. Young is the son of Mr. and Mrs. Louis Young of Renton Village.

Mahalo From ERA

Midtown Paper, Kawano Store, Honolulu Radio Company, Albers Milling Company, Pacific Feeds, and Ft. Weaver Building were inadvertently omitted from our list of donors published recently in the Hurri-Cane.

The Carnival Committee wishes to acknowledge their generous donations made toward our successful Diamond Jubilee Carnival and Fair.

Social Security

A field representative of the Social Security office will be in Ewa on Tuesday, October 12, to assist local residents with their Social Security problems.

He will be at the IRD office from 9:00 A.M. to 12:00 Noon.

The people at the Honolulu Social Security Office assist inquirers, claimants, and beneficiaries on all Social Security matters. If you have questions about Social Security, talk to a Social Security representative to be sure of getting accurate information.

Our Best Wishes...

For a speedy recovery to the following Ewaites who are recuperating at Ewa Hospital: Proto Dada; George Sakaba, Fumio Shinozawa, Mrs. Kiyoko Higashi, and Mrs. Eleanor Niino.

* TC REPORT EIREB 681-047

Ewa's Oldtimer

HIROSHI KOJIMA, with a service record of a little over 29 years and one month, is the featured "old timer" this week.

"Hippo" was born in Papaaloa on the island of Hawaii. He was raised in Ewa and started his career with the plantation soon after completing his "3R's" at Ewa School in 1936.

Starting as a Field Hand, he soon moved to the Preparation Department as a Tractor Operator. In 1940 he transferred to the Harvesting Division where today he continues highly to the efficiency of the operations.

An outstanding athlete, "Hippo" sparkled in football, basketball, and baseball.

A collection of more than 5,000 orchid plants commands most of his spare time today. He is a board member of the Ewa Orchid Society. "Hippo" occasionally finds time to do some throw net fishing.

His prized blossoms, however, are not of the potted variety. There's his wife, Edwina, and daughters, Jocelyn, a freshman at the University of Hawaii; Audrey, a junior at Campbell High School, and Lynette, a 7th grader at Ewa School.

Happy Golden Anniversary

Mr. and Mrs. Zoilo Manlooyo were surprised at a belated Golden Wedding Anniversary party given them by their children on Saturday, October 2, at the home of Mrs. Aurelia Costanios of Fernandez Village.

Zoilo and Mrs. Manlooyo, the former Gliseria Manuogs, were married on July 15, 1915 in San Fernando, Cebu, Philippines.

Zoilo started his Ewa career on arriving here in September of 1919. He retired in 1955 after 35 years of service.

The Manlooyos are the proud parents of nine children, 37 grandchildren and five great grandchildren. The children are: Mrs. Faustina Saquibal (in P.I.), Mrs. Dominga Menosa, John Manlooyo, Mrs. Aurelia Costanios, Mrs. Honora Pagdilao, Felipe Manlooyo, Mrs. Gladys Cuarisma, Mrs. Theodora Tinggang, and Mrs. Corazon Crail.

In Sympathy

The people of Ewa extend their deepest sympathy to the families of the late Mrs. Kenneth (Joyce) Shiroma, Mrs. Toshio (Nancy) Tadaki, and Mrs. Sen Tomita.

Mrs. Shiroma was the daughter of Mr. and Mrs. Kameta Oshiro of "C" Village. Survivors are her husband, Kenneth; four children, Paula, Carleton, Colin and Stacy; and three brothers, Edwin, Edward and Harold Oshiro.

Mrs. Tadaki is survived by her husband, Toshio; three children, Craig, Owen and Sheryl.

Mrs. Tomita passed away on October 5, at the Ewa Hospital.

She is survived by her two sons, Tsutomu and Toshio Tomita; and a daughter, Mrs. Masao (Kiyo) Imai.

Pop Warner

The Ewa Hurricanes opened the 1965 season with a 31-0 defeat at the hands of a power-packed Aiea team last Saturday at Tenney field.

Ewa encounters Nanakuli at Ewa tomorrow at 1:00 P.M.

Ewa Hurricane parents are urged to attend an important meeting on Monday, October 11, at the Ewa gym, at 7:30 P.M.
